

# Part 9

## Safety and health practices for hazardous materials

---

---

### ***This could be you . . .***

*A worker spilled a hazardous chemical on himself. He was wearing safety goggles, gloves, and an apron. He quickly washed the chemical off in the safety shower and is okay.*

---

---

### **1. Applicability of Part 9**

You are required to follow Part 9 if you work at JSC or a JSC field site. The following table tells you which chapters from Part 9 apply to what jobs.

<i><b>If you . . .</b></i>	<i><b>Then you shall follow . . .</b></i>
Work with any hazardous materials	Chapter 9.1, "Hazardous materials safety and health" Chapter 9.2, "Hazard communication"
Work with pesticides	Chapter 9.3, "Pesticide control"
Work with any materials that contain lead	Chapter 9.4, "Materials that contain lead: how to work with them safely"
Work with any explosives or solid propellants	Chapter 9.5, "Explosives and solid propellant safety"

### **2. How do I use Part 9?**

Part 9 provides you with safe work practices while working with hazardous materials. You shall follow Chapters 9.1 and 9.2 for any hazardous materials. Follow any of the other chapters in Part 6 that apply to your job.
